2. The petition shall state the proposed action and clearly show on a map of the area the location and terminals of the road. If the petition is in proper form, the board of county commissioners shall promptly investigate the proposal to determine if the petition has merit;
3. The board of county commissioners may conclude, upon investigation, that action concerning the road is unnecessary and impractical and deny the petition. Should the board determine that the petition has merit, the board shall set the date of the hearing and provide notice as prescribed by this section;
4. At such time it is determined that the petition has merit, the board of county commissioners shall set a hearing date. The county clerk shall then notify those landowners whose property is immediately affected by the road, in such a way that the road may cross their property, abut to their property, or in some manner provide ingress or egress to their property. The notice shall be given by regular mail at least twenty-one days (21) prior to the hearing date;
5. Legal notice to the public shall be given by advertisement in a newspaper of general circulation in the county setting forth the facts and the date when the hearing will be held and the petition acted upon. The notice shall be published once per week for three (3) consecutive weeks at least twenty-one (21) days prior to the hearing date. A record of all such proceedings shall be made by the county clerk;

B. In a petition proposing that a road be altered, widened, changed or located where the owners of the land to be taken agree in writing to the proposed location or changes by providing an easement to the county for such purpose, or donate the land required, the board of county commissioners shall then cause to be prepared a cost estimate for the proposed project. The cost estimate shall include the cost to survey the road or the proposed changes. If the estimated cost is reasonable and the road or the proposed changes serve the general public by providing a better route or by eliminating a hazard making the route safer, the board of county Oklahoma Statutes - Title 69. However, no work shall be performed until a survey is completed and easements secured. If the board determines that the expense cannot be justified in whole or in part, the board may order that the petitioners must bear the responsibility to adequately fund the proposed action in whole or in part. If easements are not granted freely, the easements shall be obtained in the manner provided by law and shall be considered in the cost estimate of the proposed action.

C. In a petition proposing that a road be vacated, the board of county commissioners shall, upon receiving the petition, attest that according to their records the road in question is within their jurisdiction and is considered to be open for use by the general public, through grant or ownership, by easement or dedication, by adverse possession, or by open and notorious use, regardless of the frequency of maintenance or lack thereof. In considering the proposal to vacate the road, the board shall hear testimony provided by the petitioners and others who may testify at the hearing as to whether the road should be vacated. Upon a decision by the board to vacate the road, the board shall issue an order to void any easement pertaining to the road, if such easement exists, and require that the road be closed in such a manner as to prevent the use of the road by the general public. The decision of the board to vacate or not to vacate the road shall be

Nothing in this section shall prohibit the temporary closing of any road by law enforcement or emergency personnel in the performance of their official duty, public utilities with regard to routine maintenance and construction, or other such entities as authorized by the board of county commissioners.

D. Wherever in those counties the amount of Indian lands or those exempt from taxation by reason of the operation of any federal law is thirty percent (30%) or more of the total area of the county, then the board of county commissioners may, upon its own initiative, and if the public interests demand it, move to secure roads over, adjacent to, or for the benefit of all such exempted lands as set forth in this subsection.
