HOPE TRAMMELL, COUNTY CLERK  
PITTSBURG COUNTY  
BY [Signature] DEPUTY

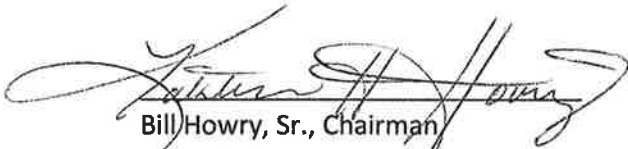

To Whom It May Concern:

The High Hill Volunteer Fire Association Council met on June 25, 2022 and has elected Kathleen Howry as fire chief for the High Hill Fire Department. She will serve at the discretion of the High Hill Fire Department's executive council.

She will be replacing outgoing chief Richard Howry as requisition officer.

If you have questions regarding this matter, feel free to contact us.

Respectfully,

Bill Howry, Sr., Chairman  
High Hill Volunteer Association  
4128 High Hill Road  
McAlester, OK 74501

## PROFESSIONAL LEGAL SERVICES CONTRACT

This is an agreement between the Board of County Commissioners for Pittsburg County, Oklahoma, and the County Assessor for Pittsburg County, Oklahoma, (both parties sometimes hereafter referred to as "CLIENTS") and Tisdal & O'Hara, PLLC, ("T&O") and is subject to approval by the District Attorney for Pittsburg County, Oklahoma.

1. CLIENTS have agreed, with the approval of the District Attorney, to employ T&O to represent the CLIENTS with regard to certain ad valorem tax issues ("Issues").

2. Where necessary, T&O shall appear as counsel, and may act on behalf of CLIENTS, or at the direction of CLIENTS, with regard to the Issues, including, without limitation, in any hearing, trial or appellate proceeding.

3. T&O shall be paid at the following hourly rates for work performed hereunder by personnel in Tisdal & O'Hara:

Partner	Up to \$300.00/hour
Senior Associate	Up to \$250.00/hour
Associate	Up to \$175.00/hour
Paralegal/Legal Assistant	Up to \$100.00/hour

Such time shall be billed by T&O, and paid by CLIENTS, on a monthly basis.

4. CLIENTS will pay T&O for actual hours (or fractions) at the hourly rates above set forth. T&O will submit its bills for payment to County Commissioners for Pittsburg County, c/o Michelle Fields, County Assessor's Office, 115 East Carl Albert Parkway, McAlester, Oklahoma 74501.

5. CLIENTS shall be responsible for the employment of consultants, appraisers, or other such experts and for the payment of all third party costs and expenses related to the performance of this contract. To the extent that T&O advances such costs, T&O will be reimbursed therefor. Such costs and fees may be billed directly through this agreement.

6. CLIENTS may discharge T&O at any time without cause. In the event of discharge the CLIENTS will not be liable for any professional services or other charges after notice of discharge has been received by T&O, excepting only those subsequent services and charges, if any, provided at the request of CLIENTS which are involved in turning over the matter to successor counsel. In the event of discharge, T&O will submit a final bill within thirty days of notice of discharge.

7. The term of this contract shall be from July 1, 2022, through June 30, 2023. CLIENTS may, at their option, renew the contract with consent of the District Attorney.

8. T&O will furnish to CLIENTS a status report, as requested and as deemed appropriate and prudent by CLIENTS, to keep CLIENTS informed of developments on a timely

basis.

9. T&O agrees, as part consideration for this contract, that its books, records, documents, accounting procedures, practices or any other items relevant to the performance of this agreement are subject to examination by CLIENTS upon request.

10. This agreement will be subordinate to the laws, court orders, policies, procedures and rules, existing and future, relative to the operation and management of the CLIENTS.

11. It is agreed that any attorney fees awarded to any party hereto as a result of Court action or negotiated settlements or otherwise are obtained for the benefit of the CLIENTS.

AGREED TO, by act of the CLIENTS done this 5<sup>th</sup> day of July, 2022, in McAlester, Oklahoma, and by T&O as witnessed by the following signatures:

# Miller Office Equipment MAINTENANCE AGREEMENT

This Maintenance Agreement shall become effective upon its acceptance by MOE Systems, LLC (hereinafter referred to as Miller) on the date indicated on the face hereof.

1. Maintenance Agreement base rate charges, if applicable, are payable in advance. The payment due date for a coverage period is the first day of the coverage period specified on the face hereof. Anything herein contained to the contrary notwithstanding, Miller shall have no obligation to provide any of the services called for hereunder to customer unless customer is current in all payments made to Miller on all billings on any equipment provided by or serviced by Miller or its affiliates or subsidiaries, including but not limited to service, supply, maintenance and maintenance related billings, and equipment lease billings. Miller may charge interest at the rate of one and one-half percent (1.5%) per month on all payments overdue, and in the event of failure of payment, to pursue any available remedies at law or inequity for breach of this Agreement. In the event collection of any amount due hereunder is turned over to an attorney, buyer agrees to be responsible for all fees and expenses incurred in said effort.
2. Miller shall provide inspections as required, which may be made in conjunction with regular or emergency service calls. Inspections, as well as all service calls, shall be made during normal business hours.
3. During the terms of the Agreement, Miller will provide, depending on contract type chosen, parts which have been broken or worn through normal use, labor which is necessary for servicing and maintenance adjustments, and equipment supplies (not including paper), with no charge. This agreement shall not apply to network connectivity as it is not provided under our maintenance agreements, but rather as separate chargeable service provided at Miller's established rates.
4. All service calls under this Agreement will be made by Miller during normal business hours on the equipment described on the face hereof. Should the equipment be moved to an alternate location, there will be an adjustment to the normal maintenance base and/or copy rate as set forth by Miller. The move of equipment is not included in maintenance agreement and will be done by Miller at a rate determined by Miller based on distance from Miller's service office to new customer location via most convenient route determined by Miller. If service at a time other than during Miller's normal business hours is furnished upon customer's request, it will not be included in customer maintenance agreement and customer will be charged at Miller's established rates for labor and travel then in effect.
5. This Agreement shall not apply to service or repairs made necessary by accident, misuse, abuse, neglect, theft, riot, vandalism, lightening, electrical power failure, fire, water, or other casualty, or to repairs made necessary as a result of either service by personnel other than Miller personnel or repeated use of supplies other than supplies meeting Miller's published supply specifications for the equipment. Separate charges for repairs or replacements due to the foregoing shall be borne by the customer, at Miller's established rate for parts and labor from time to time in effect.
6. This Agreement covers only the equipment described on the face hereof and does not include any accessories listed thereon.
7. This Agreement may not be assigned by the customer.
8. This Agreement does not include applicable taxes. All taxes levied or imposed, now or hereafter, by any Governmental authority shall be paid by the customer in accordance with law.
9. Standard Freight and Fuel Surcharge items are included in established Miller's maintenance price rates for contracts types that include parts and supplies. Any contracts excluding parts and/or supplies will be subject to Freight and Fuel Surcharge charges being added to supply order and service call invoices. Rush orders are not considered standard and will result in an extra fee.
10. This Agreement (consisting of the face and reverse side of this page) supersedes any and all prior oral or written maintenance agreements between the parties, and constitutes the entire agreement between the customer and Miller with respect to the service to be provided hereunder.
11. If, during the term of this Agreement or any subsequent terms, Miller is unable to obtain parts for the equipment covered under this Agreement, Miller may, at its sole discretion, terminate this Agreement and refund to the customer the prorated unused portion.
12. This Agreement shall remain in full force and effect for the coverage period noted on the face hereof. Customer's obligation to pay all charges which have accrued shall survive any termination of this Agreement. Pricing is for the first year only unless otherwise stated on the face of this Agreement contract. Changes to this contract may only be made with the consent of the customer and Miller. At the expiration of the original or any renewal term, this Agreement, with all of its terms, covenants and conditions, including this paragraph, shall be deemed to have been automatically renewed for a term of twelve (12) months and at a rate established by Miller, unless either party has given thirty (30) days prior written notice to the other of its intention to terminate this agreement as of the end of such term.

RESOLUTION  
23-004

The Board of County Commissioners, Pittsburg County, met in regular session on Tuesday, July 5, 2022.

WHEREAS, Pittsburg County District #3 is requesting to apply for Lake and Recreational Access Road Grant Funds through the State of Oklahoma to improve grade and drainage and resurface Bugtussle Road.

WHEREAS, Pittsburg County District #3 presently maintains Bugtussle Road in its entirety and will continue to maintain upon the completion of the project.

WHEREAS, Bugtussle Road, in its entirety, is the main access road to the Juniper Point Recreation Area on Eufaula Lake, and is located in the District #3 road district.

THEREFORE, BE IT RESOLVED, that the Board of County Commissioners, Pittsburg County, do hereby approve the request to apply for Lake and Recreational Access Road Grant Funds through the State of Oklahoma, to be used to improve grade, drainage and resurface Bugtussle Road.

BOARD OF COUNTY COMMISSIONERS  
PITTSBURG COUNTY, OKLAHOMA

# KellPro Software and Service Agreement

*Please retain for your records.*

The following agreement is intended to guide the relationship between KellPro, Inc. and Pittsburg County Clerk, our Customer. Our goal is to provide high quality products and services that meet your business needs in return for fair compensation for our intellectual property, service and time. KellPro licenses you, our Customer, to use our software and services as described herein from 07/01/2022 until 06/30/2023 on the number of workstations shown below in exchange for the total amount shown below. Payment for products and services constitutes acceptance of this agreement.

Qty	Product Description or Service
24.00	Complete Online Care by KellPro
279.00	Disaster Recovery Service -100+GB
1.00	Disaster Recovery Service - Server up to 100GB
1.00	Internet Records & Images Publication - Free Plan
1.00	Keli Fixed Asset Site
3.00	Keli Fixed Asset User
1.00	Keli Land Recording Site
9.00	Keli Land Recording User
6.00	Keli Land Recording Public Access User
1.00	Keli Purchasing/Payroll Site
4.00	Keli Purchasing/Payroll User
4.00	Rackspace Hosted Email Account
<hr/>	
	<b>KellPro Licensing: \$ 34,822.80</b>

## Software

The customer is licensed to use the KellPro software listed during the period of time listed for the license fee listed in the paragraph above. Using our software without a license is prohibited. Making copies of our software or taking actions to distribute, disseminate, loan, or translate KellPro software is also prohibited. This license belongs only to the agency or business listed above. KellPro does not warrant that the operation of our software will be uninterrupted or error free but will use every reasonable effort to provide support when there is an issue related to our software.

## Licensing Fees

The licensing fee is assessed annually based on the fiscal accounting period for each customer. The fee covers the cost of supporting the software; in general providing toll free telephone support, providing bug fixes for the software, periodic customer care visits and nominal support time to identify non-KellPro related issues. Software licensing rates will not change during a licensing period.

## Support

Unlimited toll free telephone support is provided for licensed customers. Support staff are available from 8:00 A.M. to 5:00 P.M. CST, Monday through Friday (with the exception of Federal holidays observed in our area). After hours support is also available at our customary hourly rates. Support will be provided over the telephone or Internet, therefore all customers are expected to have a working telephone and Internet connection. At the customer's request, KellPro will schedule on-site visits. Support issues due to factors outside of the scope of the KellPro software, such as hardware failure, may result in additional fees if the duration of the support incident exceeds a reasonable amount of time. Any additional fees that may apply for visits or non-KellPro software issues will be negotiated with the customer in advance.

## Training and Documentation

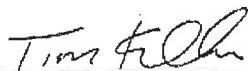

Training is initially provided as part of a new installation. KellPro staff also typically schedules a visit to customer sites one or two times per year at no additional charge to the customer. These visits will provide informal training, on-site support issue resolution and any other activity related to the KellPro software that may be requested by the customer. Written documentation (in electronic format) for the software will be provided during the initial training and is always available on request from KellPro support staff. Individualized on-site training may be requested by the customer at any time and is available at our standard rates.

## Ownership of Data

Data entered into KellPro software is the property of the customer. The data is stored in an industry standard format and may be extracted at will by the customer. The data is secured with user accounts and passwords to protect the integrity of the customer's data. These security credentials (database user accounts, passwords, etc.) are generally provided at installation time and may be requested at any time from KellPro support. A data set may be used by KellPro for troubleshooting or testing purposes.

## Environment

KellPro can only be responsible for KellPro software. Specific computer and network environment factors are required for KellPro software to function correctly. The correct software environment is configured when the software is installed initially. If the computer or network environment changes due to factors outside of the KellPro software, and the KellPro software is adversely affected, KellPro support staff will assist the customer in determining that such a change or failure has occurred. If such incidents are minor and infrequent, there is normally not a charge. If the support incident becomes prolonged (normally more than 20 minutes) and appears to have causes outside of the KellPro software, the customer will be apprised of the possibility that the incident may become a billable event and the customer will be given opportunity to approve/disapprove the charges for continuation of the support incident.

**FLOODPLAIN ADMINISTRATOR'S REVIEW**

Upon review, I, Tawanna Cathey, a Floodplain Administrator for Pittsburg County, have determined that the above-referenced public service/pipeline crossing permit:

\_\_\_\_\_ Does X Does Not

fall within any floodplain.

Tawanna Cathey  
 Signature, Pittsburg County Floodplain Administrator

(Administrator: Please attach a copy of the floodplain permit and receipt where permit was paid if road crossing is within a floodplain)

If granted, this permit is subject to the following conditions, requirements and covenants, to-wit, please initial that you have read each condition, requirement or covenant:

1. Applicant/contractor is aware that all road crossing permits for PITTSBURG COUNTY shall require approval from the Pittsburg County Floodplain Administrator's Office and that all permits and fees owed to the Floodplain Administrator's Office will be paid in full before approval is given by the Board of County Commissioners.

Initial: MW

2. Application for road crossing must be submitted *no later than 5 days before a meeting* of the Board of County Commissioners with a check for the amount of permit made payable to the Pittsburg County Commissioners. The petitioner/contractor shall contact the County Commissioners Office at the completion of crossing for an onsite inspection.

Initial: MW

3. The applicant must agree to hold Pittsburg County harmless for any damage or injury to persons or property caused by or resulting from the construction, maintenance, operation, or repair of the facilities on, under, or over the County right-of-way. The petitioner/contractor will be responsible for any damage resulting from deviation of the plat.

Initial:     MW    

4. All crossings shall be bored on blacktop/asphalt roads. Cutting may be permitted on dirt roads, ditches, or other surfaces with approval from the Board of County Commissioners. Blasting is not permitted.

Initial:     MW    

5. In construction pipelines or utility routes that cross county highways or roads, NO DITCH, TRENCH, OR BORING, shall be done by the applicant/contractor until approved by the Board of County Commissioners. All ditching and trenching shall be completed to the County Commissioner's specifications. Applicants, contractors or owners shall maintain crossing. (Signs, grass, brush control, etc.)

Initial:     MW    

6. The petitioner/contractor shall furnish all flag men, lights, barricades, and warning signs meeting all laws and regulations, including those in the "Manual on Uniform Traffic Control Devices" appropriate for the construction project. The petitioner/contractor agrees to keep the road open to traffic unless approved by the Board of County Commissioners. At the conclusion of such work, the right-of-way must be in a presentable condition.

Initial:     MW    

7. When notified to do so by the Board of County Commissioners, the petitioner/contractor agrees at their expense to make all changes in the facility on County right-of-way.

Initial:     MW    

8. Relocation – Applicant, upon 30 days written notice, agrees to relocate utilities at their expense should it interfere with County construction and/or maintenance.

Initial:     MW    

9. Aerial facilities – Clearance above the traffic lanes of the road at all aerial pole line crossings shall comply with applicable safety codes and will not be less than 20 feet. All poles, posts, stubs, fixtures, down guys, wires, and other appurtenances must be kept in good repair at all times and free from weeds and brush within a 5-foot area of the installation. These facilities, when paralleling the roadway, shall be single pole construction and located within 3 feet of the fence line, if a fence exists. If no fence exists, the right-of-way shall be located by an Oklahoma Registered Land Surveyor at the petitioner's expense and a copy provided to the Board prior to construction. All crossings shall be as nearly perpendicular as possible. Facility shall not interfere with the natural flow of waters or ditch.

Initial:     MW    

10. Underground facilities – All shall be a minimum of 5 feet below the elevation of the center line of the road, but not less than 4 feet below the bottom of the ditch. Crossings shall be encased from right-of-way line to right-of-way line and be vented off the right-of-way lines. Concrete caps of 4' wide and 6" deep may be required from edge of road to fence line. Identification markers shall be installed at each right-of-way line directly above the facility. The markers must identify the owner's name, address and telephone

number, size of facility, and emergency contact number in black with a yellow background. Marker must be at least 130 sq. inches in area and erected at a height plainly visible from the road right-of-way.

All underground electric cable crossings must be placed in a conduit and be a minimum of 4 feet below the ditch flow lines. Conduit placed beneath a roadway must be steel, HDPE, heavy-duty PVC, or fiberglass if it is designed to withstand roadway loading and is properly protected.

Steel pipelines crossing the right-of-way may be, upon approve of the Commissioner, installed without encasement if the carrier pipe material within the right-of-way is superior to the carrier pipe material outside the right-of-way by being of steel at least one grade better and of the same wall thickness, or a minimum of one wall thickness greater and of the same alloy. Pipe must be properly protected from corrosion.

Facilities such as water and sanitary sewer lines crossing the county right-of-way shall be encased. Maintenance will be performed by a method that will not disturb the through lanes or interfere with traffic. All conduits shall be sufficient to withstand roadway loadings.

Initial: MW

11. All section corners and ¼ section corners shall be protected. No pipeline or utility line shall cross an intersection diagonally. No liens shall cross within 50 feet of a ¼ section corner or 100' of a bridge.

Initial: MW

12. Owners of all facilities shall be responsible, at their own expense, for decommissioning of sites. Roads and right-of-way shall be restored to the original condition or better.

Initial: MW

13. All road crossings shall comply with all Department of Transportation and/or Oklahoma Corporation Commission pipeline safety standards rules and regulations in effect at the time of the permit.

Initial: MW

14. All pipelines made of non-metallic materials must have a tracer wire installed so the pipeline can be located from above the ground.

Initial: MW

15. Above ground water lines are temporary and shall be placed within three (3) feet of fence line or county right-of-way as not to disrupt road maintenance. All temporary water lines shall be marked or identified with a company contact number or sign at every county road crossing.

The type of temporary road crossing, either above the road surface or trenched, are at the discretion of the individual commissioner. Trenched lines shall be at sufficient depth as to not interfere with normal maintenance and shall be removed at applicant's expense. The owner, firm or company requesting the permit for temporary or permanent line(s) shall be responsible for all damages to county roads or right-of-way caused by such installation. Temporary installation permits are for a period of thirty (30) days. A new permit will be required for each thirty (30) day time period.

Initial: MW

16. Any pipe or tin horns to be installed shall be a beveled end at a 45° angle with concrete end treatments. The commissioner shall approve proper diameter of pipe.

Initial: MW

**FEE SCHEDULE**  
 (Check must accompany permit)

Floodplain Inspection Fee (if necessary).....	\$50.00 each
Floodplain Oil & Gas Pipeline Burial Permit Fee .....	\$300.00 each
Floodplain Permit extension .....	1/2 of permit fee each
(all floodplain permits expire 6 months for original permit date)	
Road Bore - Permanent .....	\$1,000.00 each
Domestic or livestock water 3" diameter or less .....	N/C
Cut or trenched permanent.....	\$1,500.00 each
Temporary lines through culverts/bridges .....	\$1,500.00 each
Temporary buried line, cut or trenched .....	\$1,500.00 each
Temporary Road Crossing Bridge .....	\$1,500.00 each

**NOTE: FAILURE TO NOTIFY COMMISSIONERS OF HEAVY LOAD MOVEMENT OR IF A LINE OR SERVICE ENTRANCE IS PLACED IN COUNTY RIGHT-OF-WAY WITHOUT THE PROPER PERMIT(S) MAY RESULT IN A FINE UP TO \$5,000 PLUS COURT COSTS**

**PETITIONER/CONTRACTOR'S ATTESTMENT**

I hereby attest to the accuracy of the information contained on this application. I further certify that, in my professional opinion, the facility line is installed; the drawings, plans and specifications therefore comply in all respects with the requirement of said permit.

FLOODPLAIN ADMINISTRATOR'S REVIEW

Upon review, I, Tawanna Cathey, a Floodplain Administrator for Pittsburg County, have determined that the above-referenced public service/pipeline crossing permit:

\_\_\_\_\_ Does X Does Not

fall within any floodplain.

Tawanna Cathey  
 Signature, Pittsburg County Floodplain Administrator

(Administrator: Please attach a copy of the floodplain permit and receipt where permit was paid if road crossing is within a floodplain)

If granted, this permit is subject to the following conditions, requirements and covenants, to-wit, please initial that you have read each condition, requirement or covenant:

1. Applicant/contractor is aware that all road crossing permits for PITTSBURG COUNTY shall require approval from the Pittsburg County Floodplain Administrator's Office and that all permits and fees owed to the Floodplain Administrator's Office will be paid in full before approval is given by the Board of County Commissioners.

Initial: JF

2. Application for road crossing must be submitted *no later than 5 days before a meeting* of the Board of County Commissioners with a check for the amount of permit made payable to the Pittsburg County Commissioners. The petitioner/contractor shall contact the County Commissioners Office at the completion of crossing for an onsite inspection.

Initial: JF

3. The applicant must agree to hold Pittsburg County harmless for any damage or injury to persons or property caused by or resulting from the construction, maintenance, operation, or repair of the facilities on, under, or over the County right-of-way. The petitioner/contractor will be responsible for any damage resulting from deviation of the plat.

Initial: JF

4. All crossings shall be bored on blacktop/asphalt roads. Cutting may be permitted on dirt roads, ditches, or other surfaces with approval from the Board of County Commissioners. Blasting is not permitted.

Initial: JF

5. In construction pipelines or utility routes that cross county highways or roads, NO DITCH, TRENCH, OR BORING, shall be done by the applicant/contractor until approved by the Board of County Commissioners. All ditching and trenching shall be completed to the County Commissioner's specifications. Applicants, contractors or owners shall maintain crossing. (Signs, grass, brush control, etc.)

Initial: JF

6. The petitioner/contractor shall furnish all flag men, lights, barricades, and warning signs meeting all laws and regulations, including those in the "Manual on Uniform Traffic Control Devices" appropriate for the construction project. The petitioner/contractor agrees to keep the road open to traffic unless approved by the Board of County Commissioners. At the conclusion of such work, the right-of-way must be in a presentable condition.

Initial: JF

7. When notified to do so by the Board of County Commissioners, the petitioner/contractor agrees at their expense to make all changes in the facility on County right-of-way.

Initial: JF

8. Relocation – Applicant, upon 30 days written notice, agrees to relocate utilities at their expense should it interfere with County construction and/or maintenance.

Initial: JF

9. Aerial facilities – Clearance above the traffic lanes of the road at all aerial pole line crossings shall comply with applicable safety codes and will not be less than 20 feet. All poles, posts, stubs, fixtures, down guys, wires, and other appurtenances must be kept in good repair at all times and free from weeds and brush within a 5-foot area of the installation. These facilities, when paralleling the roadway, shall be single pole construction and located within 3 feet of the fence line, if a fence exists. If no fence exists, the right-of-way shall be located by an Oklahoma Registered Land Surveyor at the petitioner's expense and a copy provided to the Board prior to construction. All crossings shall be as nearly perpendicular as possible. Facility shall not interfere with the natural flow of waters or ditch.

Initial: JF

10. Underground facilities – All shall be a minimum of 5 feet below the elevation of the center line of the road, but not less than 4 feet below the bottom of the ditch. Crossings shall be encased from right-of-way line to right-of-way line and be vented off the right-of-way lines. Concrete caps of 4' wide and 6" deep may be required from edge of road to fence line. Identification markers shall be installed at each right-of-way line directly above the facility. The markers must identify the owner's name, address and telephone

number, size of facility, and emergency contact number in black with a yellow background. Marker must be at least 130 sq. inches in area and erected at a height plainly visible from the road right-of-way.

All underground electric cable crossings must be placed in a conduit and be a minimum of 4 feet below the ditch flow lines. Conduit placed beneath a roadway must be steel, HDPE, heavy-duty PVC, or fiberglass if it is designed to withstand roadway loading and is properly protected.

Steel pipelines crossing the right-of-way may be, upon approve of the Commissioner, installed without encasement if the carrier pipe material within the right-of-way is superior to the carrier pipe material outside the right-of-way by being of steel at least one grade better and of the same wall thickness, or a minimum of one wall thickness greater and of the same alloy. Pipe must be properly protected from corrosion.

Facilities such as water and sanitary sewer lines crossing the county right-of-way shall be encased. Maintenance will be performed by a method that will not disturb the through lanes or interfere with traffic. All conduits shall be sufficient to withstand roadway loadings.

Initial: JF

11. All section corners and ¼ section corners shall be protected. No pipeline or utility line shall cross an intersection diagonally. No liens shall cross within 50 feet of a ¼ section corner or 100' of a bridge.

Initial: JF

12. Owners of all facilities shall be responsible, at their own expense, for decommissioning of sites. Roads and right-of-way shall be restored to the original condition or better.

Initial: JF

13. All road crossings shall comply with all Department of Transportation and/or Oklahoma Corporation Commission pipeline safety standards rules and regulations in effect at the time of the permit.

Initial: JF

14. All pipelines made of non-metallic materials must have a tracer wire installed so the pipeline can be located from above the ground.

Initial: JF

15. Above ground water lines are temporary and shall be placed within three (3) feet of fence line or county right-of-way as not to disrupt road maintenance. All temporary water lines shall be marked or identified with a company contact number or sign at every county road crossing.

The type of temporary road crossing, either above the road surface or trenched, are at the discretion of the individual commissioner. Trenched lines shall be at sufficient depth as to not interfere with normal maintenance and shall be removed at applicant's expense. The owner, firm or company requesting the permit for temporary or permanent line(s) shall be responsible for all damages to county roads or right-of-way caused by such installation. Temporary installation permits are for a period of thirty (30) days. A new permit will be required for each thirty (30) day time period.

Initial: JF

16. Any pipe or tin horns to be installed shall be a beveled end at a 45° angle with concrete end treatments. The commissioner shall approve proper diameter of pipe.

Initial: JF

**FEE SCHEDULE**  
(Check must accompany permit)

Floodplain Inspection Fee (if necessary).....	\$50.00 each
Floodplain Oil & Gas Pipeline Burial Permit Fee .....	\$300.00 each
Floodplain Permit extension .....	1/2 of permit fee each
(all floodplain permits expire 6 months for original permit date)	
Road Bore - Permanent .....	\$1,000.00 each
Domestic or livestock water 3" diameter or less .....	N/C
Cut or trenched permanent.....	\$1,500.00 each
Temporary lines through culverts/bridges .....	\$1,500.00 each
Temporary buried line, cut or trenched .....	\$1,500.00 each
Temporary Road Crossing Bridge .....	\$1,500.00 each

**NOTE: FAILURE TO NOTIFY COMMISSIONERS OF HEAVY LOAD MOVEMENT OR IF A LINE OR SERVICE ENTRANCE IS PLACED IN COUNTY RIGHT-OF-WAY WITHOUT THE PROPER PERMIT(S) MAY RESULT IN A FINE UP TO \$5,000 PLUS COURT COSTS**

**PETITIONER/CONTRACTOR'S ATTESTMENT**

I hereby attest to the accuracy of the information contained on this application. I further certify that, in my professional opinion, the facility line is installed; the drawings, plans and specifications therefore comply in all respects with the requirement of said permit.

Steel pipelines crossing the right-of-way may be, upon approve of the Commissioner, installed without encasement if the carrier pipe material within the right-of-way is superior to the carrier pipe material outside the right-of-way by being of steel at least one grade better and of the same wall thickness, or a minimum of one wall thickness greater and of the same alloy. Pipe must be properly protected from corrosion.

Facilities such as water and sanitary sewer lines crossing the county right-of-way shall be encased. Maintenance will be performed by a method that will not disturb the through lanes or interfere with traffic. All conduits shall be sufficient to withstand roadway loadings.

Initial: JF

11. All section corners and ¼ section corners shall be protected. No pipeline or utility line shall cross an intersection diagonally. No liens shall cross within 50 feet of a ¼ section corner or 100' of a bridge.

Initial: JF

12. Owners of all facilities shall be responsible, at their own expense, for decommissioning of sites. Roads and right-of-way shall be restored to the original condition or better.

Initial: JF

13. All road crossings shall comply with all Department of Transportation and/or Oklahoma Corporation Commission pipeline safety standards rules and regulations in effect at the time of the permit.

Initial: JF

14. All pipelines made of non-metallic materials must have a tracer wire installed so the pipeline can be located from above the ground.

Initial: JF

15. Above ground water lines are temporary and shall be placed within three (3) feet of fence line or county right-of-way as not to disrupt road maintenance. All temporary water lines shall be marked or identified with a company contact number or sign at every county road crossing.

The type of temporary road crossing, either above the road surface or trenched, are at the discretion of the individual commissioner. Trenched lines shall be at sufficient depth as to not interfere with normal maintenance and shall be removed at applicant's expense. The owner, firm or company requesting the permit for temporary or permanent line(s) shall be responsible for all damages to county roads or right-of-way caused by such installation. Temporary installation permits are for a period of thirty (30) days. A new permit will be required for each thirty (30) day time period.

Initial: JF

16. Any pipe or tin horns to be installed shall be a beveled end at a 45° angle with concrete end treatments. The commissioner shall approve proper diameter of pipe.

Initial: JF

FEE SCHEDULE  
(Check must accompany permit)

Floodplain Inspection Fee (if necessary).....	\$50.00 each
Floodplain Oil & Gas Pipeline Burial Permit Fee .....	\$300.00 each
Floodplain Permit extension .....	1/2 of permit fee each
(all floodplain permits expire 6 months for original permit date)	
Road Bore - Permanent .....	\$1,000.00 each
Domestic or livestock water 3" diameter or less .....	N/C
Cut or trenched permanent.....	\$1,500.00 each
Temporary lines through culverts/bridges .....	\$1,500.00 each
Temporary buried line, cut or trenched .....	\$1,500.00 each
Temporary Road Crossing Bridge .....	\$1,500.00 each

NOTE: FAILURE TO NOTIFY COMMISSIONERS OF HEAVY LOAD MOVEMENT OR IF A LINE OR SERVICE ENTRANCE IS PLACED IN COUNTY RIGHT-OF-WAY WITHOUT THE PROPER PERMIT(S) MAY RESULT IN A FINE UP TO \$5,000 PLUS COURT COSTS

PETITIONER/CONTRACTOR'S ATTESTMENT

I hereby attest to the accuracy of the information contained on this application. I further certify that, in my professional opinion, the facility line is installed; the drawings, plans and specifications therefore comply in all respects with the requirement of said permit.

**FLOODPLAIN ADMINISTRATOR'S REVIEW**

Upon review, I, Tawanna Cathey, a Floodplain Administrator for Pittsburg County, have determined that the above-referenced public service/pipeline crossing permit:

\_\_\_\_\_ Does X Does Not

fall within any floodplain.

Tawanna Cathey  
 Signature, Pittsburg County Floodplain Administrator

(Administrator: Please attach a copy of the floodplain permit and receipt where permit was paid if road crossing is within a floodplain)

If granted, this permit is subject to the following conditions, requirements and covenants, to-wit, please initial that you have read each condition, requirement or covenant:

1. Applicant/contractor is aware that all road crossing permits for PITTSBURG COUNTY shall require approval from the Pittsburg County Floodplain Administrator's Office and that all permits and fees owed to the Floodplain Administrator's Office will be paid in full before approval is given by the Board of County Commissioners.

Initial: JF

2. Application for road crossing must be submitted **no later than 5 days before a meeting** of the Board of County Commissioners with a check for the amount of permit made payable to the Pittsburg County Commissioners. The petitioner/contractor shall contact the County Commissioners Office at the completion of crossing for an onsite inspection.

Initial: JF

3. The applicant must agree to hold Pittsburg County harmless for any damage or injury to persons or property caused by or resulting from the construction, maintenance, operation, or repair of the facilities on, under, or over the County right-of-way. The petitioner/contractor will be responsible for any damage resulting from deviation of the plat.

Initial: JF

4. All crossings shall be bored on blacktop/asphalt roads. Cutting may be permitted on dirt roads, ditches, or other surfaces with approval from the Board of County Commissioners. Blasting is not permitted.

Initial: JF

5. In construction pipelines or utility routes that cross county highways or roads, NO DITCH, TRENCH, OR BORING, shall be done by the applicant/contractor until approved by the Board of County Commissioners. All ditching and trenching shall be completed to the County Commissioner's specifications. Applicants, contractors or owners shall maintain crossing. (Signs, grass, brush control, etc.)

Initial: JF

6. The petitioner/contractor shall furnish all flag men, lights, barricades, and warning signs meeting all laws and regulations, including those in the "Manual on Uniform Traffic Control Devices" appropriate for the construction project. The petitioner/contractor agrees to keep the road open to traffic unless approved by the Board of County Commissioners. At the conclusion of such work, the right-of-way must be in a presentable condition.

Initial: JF

7. When notified to do so by the Board of County Commissioners, the petitioner/contractor agrees at their expense to make all changes in the facility on County right-of-way.

Initial: JF

8. Relocation – Applicant, upon 30 days written notice, agrees to relocate utilities at their expense should it interfere with County construction and/or maintenance.

Initial: JF

9. Aerial facilities – Clearance above the traffic lanes of the road at all aerial pole line crossings shall comply with applicable safety codes and will not be less than 20 feet. All poles, posts, stubs, fixtures, down guys, wires, and other appurtenances must be kept in good repair at all times and free from weeds and brush within a 5-foot area of the installation. These facilities, when paralleling the roadway, shall be single pole construction and located within 3 feet of the fence line, if a fence exists. If no fence exists, the right-of-way shall be located by an Oklahoma Registered Land Surveyor at the petitioner's expense and a copy provided to the Board prior to construction. All crossings shall be as nearly perpendicular as possible. Facility shall not interfere with the natural flow of waters or ditch.

Initial: JF

10. Underground facilities – All shall be a minimum of 5 feet below the elevation of the center line of the road, but not less than 4 feet below the bottom of the ditch. Crossings shall be encased from right-of-way line to right-of-way line and be vented off the right-of-way lines. Concrete caps of 4' wide and 6" deep may be required from edge of road to fence line. Identification markers shall be installed at each right-of-way line directly above the facility. The markers must identify the owner's name, address and telephone

number, size of facility, and emergency contact number in black with a yellow background. Marker must be at least 130 sq. inches in area and erected at a height plainly visible from the road right-of-way.

All underground electric cable crossings must be placed in a conduit and be a minimum of 4 feet below the ditch flow lines. Conduit placed beneath a roadway must be steel, HDPE, heavy-duty PVC, or fiberglass if it is designed to withstand roadway loading and is properly protected.

Steel pipelines crossing the right-of-way may be, upon approve of the Commissioner, installed without encasement if the carrier pipe material within the right-of-way is superior to the carrier pipe material outside the right-of-way by being of steel at least one grade better and of the same wall thickness, or a minimum of one wall thickness greater and of the same alloy. Pipe must be properly protected from corrosion.

Facilities such as water and sanitary sewer lines crossing the county right-of-way shall be encased. Maintenance will be performed by a method that will not disturb the through lanes or interfere with traffic. All conduits shall be sufficient to withstand roadway loadings.

Initial: JF

11. All section corners and ¼ section corners shall be protected. No pipeline or utility line shall cross an intersection diagonally. No liens shall cross within 50 feet of a ¼ section corner or 100' of a bridge.

Initial: JF

12. Owners of all facilities shall be responsible, at their own expense, for decommissioning of sites. Roads and right-of-way shall be restored to the original condition or better.

Initial: JF

13. All road crossings shall comply with all Department of Transportation and/or Oklahoma Corporation Commission pipeline safety standards rules and regulations in effect at the time of the permit.

Initial: JF

14. All pipelines made of non-metallic materials must have a tracer wire installed so the pipeline can be located from above the ground.

Initial: JF

15. Above ground water lines are temporary and shall be placed within three (3) feet of fence line or county right-of-way as not to disrupt road maintenance. All temporary water lines shall be marked or identified with a company contact number or sign at every county road crossing.

The type of temporary road crossing, either above the road surface or trenched, are at the discretion of the individual commissioner. Trenched lines shall be at sufficient depth as to not interfere with normal maintenance and shall be removed at applicant's expense. The owner, firm or company requesting the permit for temporary or permanent line(s) shall be responsible for all damages to county roads or right-of-way caused by such installation. Temporary installation permits are for a period of thirty (30) days. A new permit will be required for each thirty (30) day time period.

Initial: JF

16. Any pipe or tin horns to be installed shall be a beveled end at a 45° angle with concrete end treatments. The commissioner shall approve proper diameter of pipe.
