To: Board of County Commissioners

It has been an honor and a privilege to serve as Pittsburg County Sheriff for 8 years. Since becoming Sheriff, I have made the Pittsburg County Sheriff's one of the best Sheriff's offices in the State of Oklahoma. Under my 8-year tenure as Sheriff, we have brought the Sheriff's office from barely getting by with poor unsafe equipment, to having the best equipment in the State. Deputies have gotten raises almost every year and we consistently brought the crime rate down but could not have done that without help from others, good employees and the citizens of Pittsburg County. The citizens of Pittsburg County have always supported me, and it is greatly appreciated. We have made the Sheriff's office to where it is self-sufficient and in fact generated more money than the commissioners gave me in my budget, this then trickles to all county employees and gives the commissioners the ability to give every county employee a raise.

It is with heavy heart that I will be retiring on January 2nd, 2025, and will not serve my next term as your Sheriff. I am going to pursue and focus on personal goals and business for a while. I will run for office again soon and hope to continue to have your support. I am still a call away and will do anything I can to help any of you and will continue to fight corruption that is going on in politics and our justice system. Thank you all and hope to see you soon. God bless you.

Dear Mr. Morris,

Pursuant to the agreed Order in Pittsburg County case No. CV-2024-89 (see attached) we accept your letter dated January 2, 2025 as resignation from office.

By separate letter, also dated January 2, 2025, you requested some County owned items be transferred to you as part of your "retirement". Specifically you requested your duty weapon, badge and a chair with your name embroidered on it. A retiring officer may receive his badge and gun as part of his retirement pursuant to 19 O.S. § 553 (A) which states: "A. Sheriffs and their deputies, retiring under the provisions of Sections 951 et seq. of Title 19 of the Oklahoma Statutes, or Sections 901 et seq. of Title 74 of the Oklahoma Statutes, or reserve deputies may retain their status as peace officers of the State of Oklahoma, retired, and as such may retain the right to keep their county-issued firearm and badge, and bear firearms as provided by Sections 554 and 555 of this title."

Since Pittsburg County has a population of less than 300,000 we are governed by Title 71 § 901 et. seq. which establishes the Oklahoma Public Employees Retirement System (OPERS). That statute authorizes OPERS to establish regulations which govern retirement eligibility. In section 28.6 of the OPERS handbook it states that "Members who were initially elected or appointed on or after November 1, 2011 [are eligible for retirement at] age 62 – Full, unreduced retirement benefits on the first day of the month coinciding with or following the official's 62nd birthday with 10 years of full-time-equivalent participation as an elected official; or Age 65 – Full, unreduced retirement benefits on the first day of the month coinciding with or following the official's 65th birthday with eight years of full-time-equivalent participation as an elected official."

Regarding early retirement, the same sections states: "Members who were initially elected or appointed on or after November 1, 2011 Ages 60 to 65 – Reduced retirement benefits on the first day of the month coinciding with or following the member's 60th birthday or any subsequent month up to age 65 provided the member has at least 10 years of participating elected service".

Because you are not eligible for retirement, the County cannot give you the service weapon or badge as requested.

Should you desire the office chair with your name embroidered on it, you can receive it upon payment of \$895.45 which was the original cost of the chair (see invoice attached).

Thank you for your years of service to Pittsburg County, we wish you the best in your future endeavors.

Cordially,

Ross Selman

CHAPTER 28: ELECTED OFFICIALS

28.1 MEMBERSHIP

State and county elected officials are eligible for membership in OPERS. Municipal elected officials (e.g. city clerks) cannot participate in OPERS as elected officials, but must participate as non-elected members if they meet the non-elected member eligibility requirements.

For a state elected official first elected before November 1, 2015 or a county elected official, participation in OPERS is not mandatory, but must be determined within 90 days after taking office. They must complete Form 515-157, *Participation Election Form for Elected or Appointed Officials*. On this form, an elected official will indicate whether they wish to participate in OPERS. Any elected official who does not complete and timely submit this form will be considered as having made the choice to participate in OPERS. If the elected official does not complete the participation election form within the allowed 90 days, the retirement coordinator must contact OPERS immediately. Elected officials must also be enrolled online.

Participation is mandatory for state elected officials first elected after November 1, 2015 with prior OPERS service.

Choosing to participate (or being considered as having chosen to participate) in OPERS is irrevocable for elected officials. Elected officials begin participation in OPERS on the first day of their term of office and would be responsible for contributions beginning at that time. Elected officials must continue membership throughout the term of office or any subsequent terms of office or any employment with a participating OPERS employer. Furthermore, the rate at which the elected official chose to participate cannot be changed while they hold the particular office.

A member who has retired from OPERS and is returning to work as an elected official must participate in OPERS. They cannot opt out of participation in the new elected position.

28.2 CONTRIBUTIONS

Officials elected prior to November 1, 2011, selected a contribution rate and corresponding computation factor used to determine the official's retirement benefits. Officials elected on or after November 1, 2011 may only participate at the indicated contribution rate and computation factor. The contribution rates are given in the following table.

State & County Elected Official and Employer Contribution Rates

	OPERS CODE	ELECTED OFFICIAL RATE	EMPLOYER RATE	TOTAL CONTRIBUTION
Members first elected or appointed before November 1, 2011	A	4.5%	16.5%	21.0%
	B	6.0%	16.5%	22.5%
	D	7.5%	16.5%	24.0%
	Q	8.5%	16.5%	25.0%
	E	9.0%	16.5%	25.5%
	Y	10.0%	16.5%	26.5%
Members first elected or appointed on or after November 1, 2011	S	3.5%	16.5%	20.0%

Elected officials initially elected or appointed between November 1, 2010, and October 31, 2011, may only participate at the 4.5% or 10.0% contribution rates and 1.9% and 4.0% computation factors, respectively

28.3 INCREASE OF CONTRIBUTION RATE

In certain cases, elected officials may increase the rate of contributions they previously paid into OPERS. An elected official may increase the contribution rate paid on elected service which occurred prior to December 1, 1999. The contribution rate may only be increased to the level the official is currently paying. The cost will be the difference in contribution that would have been paid on the elected salaries earned prior to December 1, 1999 plus 10% interest per year. Elected Officials may make payment in a lump sum or through amortized payments over a period of up to 60 months with an annual interest rate of 7% (See [9.6 Installment Payment Plan](#)), or by a pre-tax rollover or transfer from a qualified plan or IRA. For the amount of payment required and payment method details, contact OPERS.

28.4 2.5% STEP-UP

In 2011, legislation was enacted providing elected officials first elected or appointed to elected office on or after November 1, 2011, were subject to the same contribution rates and benefit computation factors as state and local government members of OPERS. In 2012, participation in the 2.5% Step-Up Program was extended to newly elected or appointed members.

Members first elected or appointed to office on or after November 1, 2011, may make an irrevocable election to increase or "step-up" their benefit computation factor from 2.0% to 2.5%. Members are required to make an additional retirement contribution to "step-up" their retirement benefit. Currently, this actuarially determined amount is an additional 2.91% of the compensation for retirement purposes. To determine the Step-Up contribution rate, add an additional 2.91% to the current retirement contribution rate. These rates could change in the future.

For more information about Step-Up, see [15.7 The 2.5% Step-up Program](#).

- B. Members who were initially elected or appointed **on or after November 1, 2011**
- **Age 62** – Full, unreduced retirement benefits on the first day of the month coinciding with or following the official's 62nd birthday with 10 years of full-time-equivalent participation as an elected official; or
 - **Age 65** – Full, unreduced retirement benefits on the first day of the month coinciding with or following the official's 65th birthday with eight years of full-time-equivalent participation as an elected official.

Officials elected or appointed prior to July 1, 1990, must have a minimum of six full years of participating service, which includes elected service, earlier service as a regular employee, or transferred service to retire as an elected official. However, those who are elected or appointed to office after July 1, 1990 and before November 1, 2011, must have six years of service as an elected official to retire as an elected official. Those elected or appointed after November 1, 2011 must have at least eight years of service as an elected official to retire as an elected official.

Early Retirement

Members become eligible for permanently reduced (early) retirement benefits by meeting one of the following depending on when membership in OPERS began:

- A. Members who were initially elected or appointed **before November 1, 2011**
- **Ages 55 to 60** – Reduced retirement benefits on the first day of the month coinciding with or following the member's 55th birthday or any subsequent month up to **age 60** provided the member has at least 10 years of participating service. (See table 6, titled *Early Retirement Reduction Factors – Elected Officials*)
- B. Members who were initially elected or appointed **on or after November 1, 2011**
- **Ages 60 to 65** – Reduced retirement benefits on the first day of the month coinciding with or following the member's 60th birthday or any subsequent month up to **age 65** provided the member has at least 10 years of participating elected service.

The percentage of reduction is determined by the official's actual age in years and months at the time of retirement.

28.7 RETIREMENT OPTIONS

Elected officials will select a retirement option when they retire. The retirement options available to elected officials include those described in Chapter 14: Retirement Options with one exception. An elected official's Maximum Benefit plan includes a one-half survivor benefit to the spouse. This one-half survivor benefit is payable to the official's surviving spouse, provided:

- A. The elected official had six full years of participating service as an elected official if elected or appointed after July 1, 1990 or eight years as an elected official if elected or appointed after November 1, 2011; and,
- B. The official was married to the spouse for three continuous years preceding death.

Effective November 1, 2017, remarriage of the spouse will not disqualify him or her from receipt of the survivor's benefit under the Maximum Benefit plan.

28.8 ELECTION OF A VESTED BENEFIT

An elected official who has six full years (or eight full years if elected or appointed on or after November 1, 2011) of participating service and permanently terminates employment with any participating employer may elect a vested benefit or may elect to withdraw their accumulated contributions without interest. If the member returns to a non-elected position in the future, they can only retire under the plan provisions for that position. This may mean different eligibility requirements and benefit options.

28.9 SURVIVOR BENEFITS

The Retirement System provides for two types of death benefits upon the death of an active or vested elected official.

- A. The first type of benefit is 50% of the Maximum Benefit the official would have received at retirement if they had at least six full years of participating service as an elected official (or eight full years if elected or appointed after November 1, 2011) and was married to their spouse for three continuous years immediately preceding death.
- B. The second type of survivor benefit is in the form of Option B and will be offered to the spouse at the official's death, if the official was eligible to vest or to retire at the time of death.

The following type of benefit is only applicable if the official is not eligible to vest or retire at death, has no surviving spouse, or the surviving spouse declines a monthly benefit.

- C. The third type of benefit is a lump-sum payment equal to the accumulated contributions and will be paid to the designated beneficiaries.

28.10 RETIREMENT APPLICATION

There is one version of the application for all members of OPERS, including elected officials. The form is completed in the same manner as the regular *Retirement Application* (See Chapter 12: Retirement Application .) with the following exceptions:

Part 3: TYPE OF RETIREMENT requires six full years of participation as an elected official if the individual became an elected official after July 1, 1990, or eight full years if elected or appointed after November 1, 2011).

Part 4: TYPE OF BENEFIT consists of four different types of benefits as for all non-elected members, but please note, the maximum monthly benefit for elected officials includes an automatic 50% survivor benefit for the spouse of an elected official.

28.11 CALCULATION OF RETIREMENT BENEFITS: ELECTED OFFICIALS

Generally, the same guidelines for calculation of member benefits will be followed in determining the benefits for elected officials with the exceptions explained below. (See also Chapter 15: Calculation of Retirement Benefits.)

To calculate the benefit, the highest annual compensation earned as an elected official and upon which full retirement contributions have been paid will be multiplied by the computation factor for which contributions have been made. (See State & County Elected Official and Employer Contribution Rates.)

The result is then multiplied by the number of years of elected credited service and divided by 12 months.

As mentioned in Chapter 15: Calculation of Retirement Benefits, legislation has been enacted changing the way retirement benefits are calculated for elected officials:

- A. An elected member who was elected before August 22, 2008, and had non-elected service prior to becoming an elected official, will have all service (elected and non-elected) calculated using the applicable elected benefit computation factor.
- B. An elected member who became a member of OPERS before August 22, 2008, but became an elected official on or after August 22, 2008, will also have all service calculated with the applicable elected computation factor. However, the member's annual retirement benefit may not exceed the member's highest annual compensation.
- C. An elected member who first became a member of OPERS on or after August 22, 2008, will receive a retirement benefit which is the sum of two separate calculations: non-elected service will be calculated using the non-elected computation factor and elected service will be calculated using the applicable elected computation factor.
- D. In 2011, the legislature passed a bill providing that member first elected or appointed to elected office on or after November 1, 2011, will participate at the same contribution rate and have their benefits calculated using the same computation factor as other state and local government employees.
 - If you became a member between November 1, 2011 and July 1, 2013, your final average salary is the average of your compensation during your highest three years out of the last 10 years of participating service prior to retirement.
 - If you became a member on or after July 1, 2013, your final average salary is the average of your highest five years out of the last 10 years of participating service prior to retirement.
- E. In 2012, the legislature eliminated the rounding of service credit for new members. Consequently, total credited service for elected officials first elected or appointed to elected office on or after November 1, 2011, shall be based on actual years and months of credited service without rounding up or down.

Listed below are the retirement benefit computation factors for each contribution category an elected official may select.

Contribution Rate/Computation Factor Table

	OPERS CODE	ELECTED OFFICIAL RATE	RETIREMENT BENEFIT COMPUTATION FACTOR
Members first elected or appointed before November 1, 2011	A	4.5%	1.9%
	B	6.0%	2.5%
	D	7.5%	3.0%
	Q	8.5%	3.4%
	E	9.0%	3.6%
	Y	10.0%	4.0%
Members first elected or appointed on or after November 1, 2011	S	3.5%	2.0%

Elected officials initially elected or appointed between November 1, 2010, and October 31, 2011, may only participate at the 4.5% or 10.0% contribution rates and 1.9% and 4.0% computation factors, respectively.

28.12 PARTICIPATING SERVICE AS A NON-ELECTED EMPLOYEE

The benefits of a member who has service credit as an elected official, but is retiring as a non-elected member, will be calculated in two parts, elected and non-elected, and then be added together to form one benefit. However, the monthly benefit will be calculated on the formula for non-elected participating service benefits if the benefit would be higher than the benefit calculated under the elected official formula for benefits. **If an elected official returns to participation as a non-elected official prior to retirement, they will not be eligible to retire as an elected official under the elected official eligibility provisions and will not have an opportunity to receive the Maximum benefit with the one-half survivor annuity.**

28.5 CREDITED SERVICE

Prior Service Credit

Prior service is the period of a member's employment with an eligible employer before the employer's entry date into OPERS and certain military service. The monthly benefit paid for prior service is equal to the benefit paid for all other service provided the official has at least six full years of participating service or at least six years of participation as an elected official if elected or appointed after July 1, 1990.

Military Service

A maximum of five years of credited service will be granted for honorable active wartime military service prior to membership in OPERS. For a detailed explanation of the creditable periods of military service, see Chapter 9: Military Service Credit. The monthly benefit paid for military service is equal to the benefit paid for all other service provided the official has at least six full years of participating service or at least six years of participation as an elected official if elected or appointed after July 1, 1990.

Eligible military service is free for members joining OPERS prior to July 1, 2000. Members joining OPERS after June 30, 2000, may purchase eligible military service at actuarial cost.

Repayment of Withdrawn Contributions

An elected official may choose to repay contributions through an installment payment plan for a reinstatement of previous service lost through a withdrawal from OPERS. Payments can be amortized over a period of up to 60 months with interest at an annual percentage rate of 10%, paid in a lump sum, or paid by rollover or transfer of pre-tax funds from a qualified plan or IRA.

Transport of Service Credit from Oklahoma Teachers' Retirement System

An elected official may transport service credit from the Oklahoma Teachers' Retirement System in the same manner as described in Section 10.5 Transporting Service from the Oklahoma Teachers' Retirement System.

28.6 ELIGIBILITY FOR RETIREMENT

Normal Retirement

Members become eligible for full, unreduced (normal) retirement benefits by meeting one of the following depending on when membership in OPERS began:

- A. Members who were initially elected or appointed **before November 1, 2011**
 - **Age 60** – Full, unreduced retirement benefits on the first day of the month coinciding with or following the official's 60th birthday with six years of full-time-equivalent participation as an elected official; or
 - **80 Points** – Full, unreduced retirement benefits when the sum of the official's age and years of service equals 80.
