Has Permit Fee Been Collected? Yes: \_\_\_\_ No: \_\_\_\_

**PITTSBURG COUNTY  
FLOODPLAIN DEVELOPMENT  
PERMIT APPLICATION**  
For Proposed Development on  
**LANDS LOCATED WITHIN FLOODPLAIN AREAS**

To comply with floodplain management regulations and to minimize potential flood damage, if you are building within an identified flood hazard area, you must agree to construct your proposed development in accordance with the following special provisions.

**SPECIAL FLOODPLAIN PROVISIONS:**

1. For RESIDENTIAL structures, the lowest floor (including basement) must be elevated at or above the base flood elevation (100-year flood elevation) as delineated in the Pittsburg County Floodplain Regulations.
2. For NON-RESIDENTIAL structures, the lowest floor must be elevated at or above the base flood elevation, or flood proofed to withstand depths, pressures, velocities, impact and uplift forces associated with the 100-year flood.
3. For ALL STRUCTURES, the foundation and the materials used must be constructed to withstand the pressures, velocities, impact and forces associated with the 100-year flood.
4. All utility supply lines, outlets, switches and equipment must be installed and elevated so as to minimize damage from potential flooding. Water and sewer connections must have automatic back flow devices installed.
5. You must submit certification on the attached form(s) from a REGISTERED ENGINEER, ARCHITECT, or LAND SURVEYOR, that the floor elevation and/or flood proofing requirements have been met. Failure to provide the required certification is a violation of this permit.

**AUTHORIZATION**

I have read or had explained to me and understand the above special provisions for floodplain development. Authorization is hereby granted the permitting authority and their agents or designees, singularity or jointly, to enter upon the above-described property during daylight hours for the purpose of making inspections for any reason consistent with Pittsburg County Floodplain Regulations.
