PITTSBURG COUNTY FLOODPLAIN OIL AND GAS DEVELOPMENT PERMIT APPLICATION

For Proposed Development on Lands Located Within Designated Floodplain Areas

To comply with the Pittsburg County Floodplain Regulations and to minimize potential flood damage, if you are building within an identified flood hazard area, you must agree to construct your proposed development in accordance with the following provisions.

1. For ALL STRUCTURES, the foundation and the materials used must be constructed to withstand the pressures, velocities, impact and forces associated with the 100-year flood.
2. All utility supply lines, outlets, switches and equipment must be installed and elevated so as to minimize damage from potential flooding.
3. You must submit Certification from a Licensed Engineer that the flood protection requirements have been met. Failure to provide the required certification is a violation of this permit.
4. Other provisions – See attached list Instructions for Oil/Gas Floodplain Development.

AUTHORIZATION

I have read or had explained to me and understand the above special provisions for floodplain development. Authorization is hereby granted the permitting authority and their agents or designees, singularity or jointly, to enter upon the above-described property during daylight hours for the purpose of making inspections for any reason consistent with Pittsburg County Floodplain Regulations.
